

## **New service to GIMA members**

In these difficult economic times, managing cash flow can be extremely challenging. To help our members minimise the impact of the credit crunch, GIMA have teamed up with wk5.com Limited, a business support company to bring you a range of new facilities in particular credit reference reporting, business status monitoring and a free cash flow advice line.

wk5.com have over twenty years of experience in offering support and guidance to businesses. The focus of wk5.com is to improve cash flow management within a business, recognising the impact cash flow has on all aspects of a business. Their services include:

- Credit Reference Reports
- Business Status Monitoring
- Cash Flow advice
- Debt Collection
- Commercial Finance
- Banking relations
- Terms of trade and stock protection

All the above services are available to GIMA members.

### **SPECIAL RATES - CREDIT REFERENCE REPORTS AND BUSINESS STATUS MONITORING**

It is important more than ever now to know who you are dealing with whether it be your customers or suppliers. You should be credit checking such businesses and also monitoring them for changes in key business data. You will then be highlighted if their financial position worsens, hopefully being able to do something about it before it is too late. You can't afford to suffer bad debts.

GIMA wants to encourage its members to do this checking so have negotiated special rates for its members with regards to credit reference reports and business status monitoring.

GIMA members can access credit reference reports of any business for £8. These would normally cost £15 through wk5.com, a saving of almost 50%.

Members can also monitor businesses at £10 for 5 businesses. These retail through wk5.com at £15 for 5 businesses, a saving of over 30%.

Both the credit reference reports and business status monitoring are accessible online.

### **INTRODUCTORY SPECIAL RATE**

In addition to these special rates, GIMA have also negotiated a one-off special introductory offer for its members. GIMA members can get 2 credit reports and 5 business status monitorings for £20. All you need to do to take advantage of this introductory special rate is visit [www.gima.wk5.com](http://www.gima.wk5.com) and register your details.

## New service to GIMA members

### COMPLIMENTARY CASH FLOW ADVICE

wk5.com have also agreed to offer in conjunction with F A Simms & Partners Limited a Cash Flow advice line to all GIMA members.

F A Simms & Partners is a firm of licensed Insolvency Practitioners dealing with corporate business rescue, recovery and insolvency matters and personal insolvency matters. They will be on hand to offer confidential advice to all GIMA members. GIMA encourages its members to address cash flow problems sooner rather than later, there should then be more options available for your business going forward.

Areas covered by the Cash Flow advice line include any cash flow issues, dealing with insolvent businesses or facing business insolvency.
